

# Leelanau Adventure

(New Kind of Brown Bag)!

October 4, 2018

Michigan you are beautiful all year round, but maybe the most during the Fall Foliage Season!

Travel with us as we head to one of the most picturesque spots in Michigan, the Leelanau Peninsula and Traverse City area.

Not only will we see some beautiful Fall Foliage, but we will take in Quaint Shops and Snug Harbors. Delectable Ma and Pop lunch stop will beckon you and remind you of a slower time when eating was a pleasure not just a necessity. There will be venues by local artists to explore as we visit Suttons Bay, Leland and spend some time in Traverse City. We will wish that we had two days not just one to explore this beautiful area!

And at the end of the day we will enjoy the “piez de resistance” when we visit “Boone’s Long Lake Inn” for an included meal that will melt in your mouth and make you wish you hadn’t eaten so much for lunch. Boone’s alone is worth a trip to the Northland!

Oh, and don’t forget this is also a “Brown Bag Trip” so there will be extra surprises along the way to put into your Big Brown Bag to take home along with the warm memories of this wonderful day!
